## PROFESSIONAL SUMMARY

Results-driven **Backend Developer** with **4+ years** of experience building scalable, production-ready web applications using **PHP**, **Laravel**, **MySQL**, and modern JavaScript frameworks. Expert in **RESTful API development**, **database architecture**, **SaaS multi-tenancy**, and **payment gateway integration** across 15+ platforms. Proven track record delivering commercial applications including multi-vendor eCommerce systems, business directory platforms, real estate portals, on-demand service marketplaces, and LMS platforms. Strong focus on clean, secure code with expertise in CSRF, XSS, and SQL injection mitigation. Published multiple Laravel packages on Packagist and VS Code extensions.

## TECHNICAL SKILLS

**Languages & Frameworks:** PHP, Laravel (5.x - 12.x), JavaScript, Vue.js, jQuery, Python, Django, Node.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Livewire, AJAX

**Backend & Databases:** MySQL, PostgreSQL, MongoDB, SQL, RESTful APIs, MVC Architecture, OOP, ORM (Eloquent), Database Design, SaaS Multi-tenancy, Microservices

**DevOps & Tools:** Git, GitHub, GitLab, Docker, AWS, Redis, Composer, PHPUnit, Postman, VS Code, PHPStorm, Jira, Notion, Linux

**Payment Integration:** Stripe, PayPal, PayStack, Flutterwave, RazorPay, Mollie, InstaMojo (v1 & v2), Mercadopago, SSLCommerz, Nagad, bKash, Cryptocurrency

**Other Technologies:** Agile Methodologies, Scrum, Code Review, Unit Testing, API Development, Security Best Practices, Google Analytics, Facebook Pixel, Google Tag Manager, Google reCAPTCHA, Courier APIs (Steadfast, Pathao)

## PROFESSIONAL EXPERIENCE

### Mid Software Developer

**WebSolutionUS** | Queens, New York (Remote) | August 2023 - Present

- Lead end-to-end backend development for production-grade Laravel applications distributed on Codecanyon marketplace
- Built **multi-vendor eCommerce systems** with complete vendor management, product catalog, and order processing capabilities
- Developed **business directory and listing platforms** with SaaS multi-tenancy supporting multiple businesses
- Created **real estate agency portals** with property listing, agent management, and advanced search features
- Designed **on-demand service marketplaces** for handyman and service providers with booking systems
- Implemented **LMS (Learning Management System)** with course management, student enrollment, and progress tracking
- Integrated **15+ payment gateways** including Stripe, PayPal, PayStack, Flutterwave, RazorPay, Mollie, InstaMojo (v1 & v2), Mercadopago, SSLCommerz, Nagad, bKash, and cryptocurrency payments
- Implemented marketing and analytics integrations: Google Analytics, Facebook Pixel, Google Tag Manager, Google Social Login, Google reCAPTCHA
- Integrated courier and logistics APIs including Steadfast and Pathao for shipping management
- Maintained clean, secure, production-grade code with CSRF protection, XSS prevention, and SQL injection mitigation
- Designed complex database schemas and optimized query performance for high-traffic applications
- Built scalable RESTful APIs following industry best practices and documentation standards

- Collaborated with cross-functional teams including designers, frontend developers, and QA testers
- Provided ongoing technical support and maintained legacy codebases

## Software Developer

**AppeyTech** | Bangladesh (Remote) | February 2024 - Present

- Develop innovative web applications leveraging Laravel, Bootstrap, AJAX, and MySQL
- Build secure and scalable backend architectures following MVC design patterns
- Design and implement RESTful APIs for seamless third-party integration
- Collaborate closely with design teams to translate UI/UX mockups into functional web applications
- Write clean, well-documented, maintainable code with comprehensive unit testing
- Debug and resolve technical issues to ensure optimal application performance
- Provide technical support to clients and troubleshoot complex system issues
- Research and implement latest web development trends and technologies

## Founder

**AudiobookBangla.Com** | Bangladesh | November 2024 - Present

- Founded and developed full-stack platform curating Bangla-language audiobooks from YouTube
- Built centralized hub promoting Bangla literature and knowledge accessibility for Bengali speakers worldwide
- Designed database architecture and implemented content management system
- Developed search, filtering, and categorization features for enhanced user experience
- Manage ongoing platform maintenance, content updates, and feature enhancements

## Backend Developer

**Devintime** | Mohammadpur, Dhaka (Remote) | October 2022 - August 2023

- Developed backend features and maintained Laravel-based web applications
- Managed MySQL databases including schema design, query optimization, and performance tuning
- Built and maintained RESTful APIs for mobile and web application integration
- Collaborated with frontend developers ensuring seamless backend-frontend integration
- Implemented security best practices and code review processes
- Delivered technical support and resolved production issues

## Laravel Developer

**Zakirsoft** | Shyamoli, Dhaka | February 2022 - September 2022

- Built new features and maintained Laravel-based commercial applications
- Fixed critical bugs and optimized application performance
- Integrated backend systems with frontend interfaces using AJAX and JavaScript
- Managed project tasks and collaborated with team members on deliverables
- Participated in code reviews and followed agile development practices

## Web Developer Intern

**ITLogiko** | Uttara, Dhaka | September 2019 - February 2020

- Gained foundational experience in full-stack web development
- Assisted in backend development and built database-driven applications using PHP and MySQL
- Collaborated with team members to bring design mockups to life

- Learned industry best practices for code quality and project management

## EDUCATION

### Bachelor of Science - Computer Science and Engineering

Southeast University | Dhaka, Bangladesh | 2020 - 2021

### Diploma in Engineering - Data Telecommunication & Networking Technology

Feni Computer Institute | Feni, Bangladesh | 2015 - 2019 | CGPA: 3.26

## OPEN SOURCE CONTRIBUTIONS & PROJECTS

### Published Laravel Packages on Packagist:

- **LaravelCart** - Flexible shopping cart package for Laravel (7.x to 12.x) with session and database storage support
- **Blade Try-Catch** - Blade directives for clean error handling inside Laravel Blade templates
- **Laravel Mail Logger** - Log outgoing emails for debugging and monitoring
- **Maintenance Mode** - Database-controlled maintenance toggle for Laravel applications
- **Transaction Middleware** - Wrap DELETE requests and custom methods in database transactions

### VS Code Extensions:

- **Laragon Terminal Config** - Configure integrated terminal for Laragon's Cmdr on Windows
- **Prayer Timer Bangladesh** - Show real-time prayer times based on GPS location and Islamic Foundation Bangladesh
- **Motivational & Inspirational Quotes** - Daily motivation with auto-refreshing quotes in VS Code
- **Laravel Log Watcher** - Real-time Laravel log file monitoring and notifications

### GitHub Activity:

- **1,491 contributions in 2025** with 77 public repositories and 32 private repositories
- Active contributor to Laravel ecosystem and web development community

## CERTIFICATIONS & TRAINING

- **Web Development with Laravel** - BDTask Academy, Dhaka (February 2019 - May 2019)
- **Laravel PHP Framework - Advanced**
- **Certificate of Completion: SQL Fundamentals**
- **Learn Flowcharting: Be a Professional Programmer**

## KEY ACHIEVEMENTS

- Published **5 Laravel packages** on Packagist used by developers worldwide
- Created **4 VS Code extensions** enhancing developer productivity
- Contributed to **wide range of production-grade web applications** including eCommerce, SaaS, real estate, and LMS platforms
- Integrated **15+ payment gateways** with custom add-ons for multiple projects
- Maintained **77 public repositories** on GitHub showcasing diverse project portfolio
- Achieved **1,491 GitHub contributions** in 2025 demonstrating consistent development activity

## **ADDITIONAL INFORMATION**

**Languages:** English (Professional), Bengali (Native), Hindi (Conversational), Urdu (Conversational)

**Professional Traits:** Leadership, Team Collaboration, Problem-Solving, Quick Learner, Ability to Work Under Pressure, Attention to Detail, Strong Communication Skills, Self-Motivated

**Availability:** Open to remote opportunities and relocation
